

(a) B: untuned U-bend
$L_N - L_P = 1.596$ mm

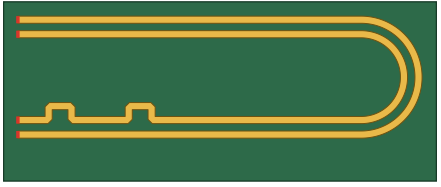

(b) C: sparse excursions
$N = 2$, $A = 0.487$ mm

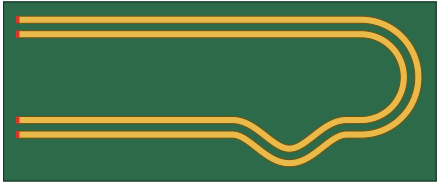

(c) D: dense accordion
$N = 4$, $A = 0.287$ mm

(d) F: broad trombone
$N = 1$, $A = 0.886$ mm

(e) C far: C at the launch
$N = 2$, $A = 0.487$ mm

(f) E: pair-level control
$L_N - L_P = 1.596$ mm

(g) A: straight reference, the U-bend's mean length
